this option. Firefighters had come to Selectmen a few weeks ago with such a request to ask Selectmen's support for an article for the warrant authorizing an addition. The firemen offered to do the work themselves with donated materials.

Selectmen Chairman Bernard Talty informed Mr. Folino, "While we aren't supporting a new fire station per se, the addition has been twice denied". He said, "Mr. Hubbard raised the issue that it doesn't solve the problem in the long run." He said that Mr. Hubbard had been all through that addition route both as Selectman and Building Inspector and that if the Fire Station were to be granted a variance it would open the door to all of the businesses along the same route.

SET AQUACULTURE HEARING

Mr. Rodman Taylor met briefly with Selectmen Chairman Talty and Selectman John DeCosta and agreed to attend an open meeting set for April 10th to allow the public to gather information and express opinions on the 100 acre shellfish grant in Mattapoisett waters south of Mattapoisett Neck. The Board has received a letter from Drew Kolek of 112 Acushnet Road, Mattapoisett in which he raised several questions in regard to this grant of interest to boaters and fishermen. Mr. Kolek requested a hearing.

RECEIVED A LETTER from Joan M. Walsh, Superintendent of Schools, reporting that at the March 12th Mattapoisett School Committee meeting, they voted the amount of $25,000 be inserted in the following article which had already been sent, for work on the Center and Old Hammondtown Schools. The article reads: To see if the town will vote to raise and appropriate or to transfer from available funds a sum of $25,000 for the purpose of financing architectural and engineering costs related to reconstructing, adding to, equipping, remodeling, or making extraordinary repairs to the Mattapoisett elementary schools, or take any other action thereto.

The School Committee also voted at the same meeting to submit the following article as part of the process: To see if the town will vote to authorize the establishment of a Mattapoisett Public Schools Building Needs Committee.

Correction

On March 14, Page 8, a sentence reading under the fiscal 1991 salary schedule, Mr. Barrows will go to Grade 25, Step B; on July 1, 1990 to $12.47 per hour. The amount of $12.47 was incorrect and should have read $11.56 per hour.

Town Mechanic Bowman Fired

On March 13, Mattapoisett Town Counsel Donald Fleming wrote Selectmen informing the Board that the Union representing town employees had complained about the town mechanic position which had been reduced to part-time. Mr. Fleming pointed out to Selectmen that they, as negotiating agents for the town, had to determine whether the job was to be full or part time. If there was to be a change then that change must be negotiated with the union.

On March 13, Town Counsel informed Mr. John Bowman by letter that all such arrangements (to do mechanical work) for the Highway Department was to cease immediately.

On March 13, Highway Surveyor Wesley Bowman was informed by letter from Town Counsel that Mr. Bowman would be invited to the Selectmen's meeting on that night, the 13th, to discuss the mechanic's position which Mr. Fleming pointed out was in the union bargaining unit. He instructed Mr. Bowman to cease immediately

using the services of John Bowman.

On March 22nd Chairman of the Board of Selectmen released the minutes of the Executive Session of March 13 after consultation with the union in order to clarify statements reported in the press.

The following is directly from the minutes of this Executive Session of March 13:

"At a meeting on Thursday, March 8, 1990 with Edmund Pedro, Union Representative and the two stewards, Henri Renauld and James Borges, Board of Health Chairman John C. Bowman, Town Counsel Donald J. Fleming, Selectman Hubbard and Selectmen's administrator Lois K. Ennis, it was decided that a meeting would be held to determine the status of the Town Mechanic's position. A position which is in the union contract.

"Therefore, at this meeting the Board and Wesley discussed the pros and cons of a full-time vs a part-time town mechanic. Wes told the Board that the work involved is enough to keep a mechanic busy only part-time. The Board cannot make it a part-time position without going to the Union. The Union is emphatic on retaining the full-time position. The Board decided that the Town could function with only a part-time mechanic and will negotiate with the Union concerning this position.

"He explained that most of the work involved for the mechanic is with the Police Department. He feels that because the Highway mechanic does all the maintenance work on town vehicles, the salary should be coming out of all budgets, not just the highway budget.

Chairman Talty read a letter from Attorney Donald Fleming, Town Counsel.

Mr. Fleming instructed Wes that John must cease immediately any work at the Highway Department until a formal opinion has been rendered either by the State Ethics Commission or Town Counsel. Wes again explained that the Selectmen hired John for the position of part-time mechanic, and not himself."

At the executive session Chairman Talty, Selectman Hubbard, Selectmen's administrator Lois Ennis and Administrative Aide Rachel Jupin and Highway Surveyor Wesley Bowman were present. John DeCosta absented himself because his son is a member of the union.

Editorial - DCJ

When an employee is fired from a job which he has performed extremely well over a number of years, there is certain to be recriminations and a lot of resentment. Mr. John Bowman not only has been employed by the town, but also gives much time and energy to town government by serving on the Board of Health.

In the past he has run for other offices including the Board of Selectmen. He represents the best of town citizen participation.

As a mechanic, he does make house calls. Like an old-time family doctor, John can be called out at night when the ambulance breaks down in New Bedford. He comes in at 7 a.m. to work on

a highway truck that needs fixing in order to be put into service. He can and does respond any time to road calls from police cruisers. In addition, John is a completely open and honest individual. In an era when many workmen put in half a week's work and collect for a week, John, perhaps because of his efficiency and skill, was able to do a job, which contract rates full-time, in half a week and he said so and saved the town money. The headlines which resulted from his firing make great copy but, after the storm has passed, those of us who live here want to retain the honest workmanship that make the town run and well run. John Bowman is just too valuable a talent to lose for the town. If he is retained he may well save the town enough to pay for the vacant union slot in the highway department.

Perhaps it could be done in this way: The town has appointed positions such as wharf commissioner which require flexibility to conform to the difference between the summer and the winter and the periods in between. If the town were to create an appointed position such as vehicle commissioner the needed flexibility might be found to take care of all the motor repair work for the police, the fire, the water and the highway departments as their needs dictate. Certainly no one can predict when a part will break or a motor will quit nor can any-human keep this work coming in regular order. You have to respond to the need. Since the vehicle commissioner would work by appointment by the Selectmen, he could be paid by the Selectmen's office and that

office could handle his calls. Since all of the town departments would benefit from his work, this would be a fair way to share the cost.

This suggestion may be good or it might be bad. It doesn't really matter as long as it may serve as a catalyst for sorting possibilities. The town has honored its obligations to the union contract - opening the full week slot to be filled in a way to best benefit the highway department. It is, certainly, no less honorable to find a way to utilize John Bowman's years of dedicated service so sorely needed.

Mattapoisett Election Tuesday

Stephen R. Hanna, who sought the office unsuccessfully in 1987, is being opposed by Carolyn Cardoza, a new seeker of public office.

There are three slots open in the Mattapoisett School Committee office: a 3-year term, the only contested one, a 2-year term and a one-year term. This is the first year for the one and two year terms, which will rotate each year until there is a new person elected each year for a three-year term.

Seeking the 3-year term are Peter B. Hodges and Paul F. Amoruso, both first time office seekers. Mark E. Whalen is running unopposed for the two-year term. Mr. Whalen previously sought appointment by the Selectmen to fill an unexpired term on the local school committee. Andrew F. Lynch is seeking the one-year term. Mr. Lynch is a former school teacher in the Mattapoisett school system.

The five-year term on the Housing Authority is being sought by M. Patricia Bernard, who is running unopposed.

The 3-year term on the Board of Health is being sought by Robert M. Field. Mr. Field operates the shellfish seed propogation project in Brandt Island Cove.

Seeking the three-year term on the Board of Assessors is Michael L. O'Brien, an attorney.

Incumbents seeking re-election for unopposed offices include: R. William Blasdale, Moderator; Clifford D. Tripp, Water/

INTO FAMILY EYE CARE

Does a celebrity's name on an eyeglass frame make it a better product?

Not always! More important than the celebrity's name is the company who manufactures the frame. Some celebrities' names are on very inexpensive frames which don't have any warranties and guarantees. A celebrity's name on a frame does not insure you will get a better product. Most times you are paying for a name.

DANIEL O. MAHONEY

I am one of two candidates for selectman at this year's annual election to be held on Tuesday, April 3. The term of office is three years. As I see it, for these next three years, as has been the case this past year, town government will be conducted within a framework of increasing limitations. Local aid from the state will be less and

-- he had been trained to make those decisions -- he has the courage, the wisdom, and the background to serve our town well as its next selectman.

-- He has invested in our town. -- We must invest in him! -- He knows the job! -- The time is now!

uncertain. Revenues from local property taxes at best will be flat. The costs of providing existing services will increase at least at the rate of inflation. Hard choices on affordability will have to be made in responding to requests for desirable new services and for appropriate capital improvements.

Leadership in response to these limitations starts with the selectmen and ends with town meeting action. The choices and recommendations by the selectmen should reflect a broad consensus of voter support.

For example, last year there was no such support for turning over the landfill operation to a private contractor. I have been serving as a member of the Landfill Advisory Committee, established after the town meeting decision to have the town keep control of the landfill. As our studies have shown, there is a cost to this. Town meeting will be put to the test in May when it considers three articles recommended by our Committee to establish a landfill enterprise fund, to authorize the imposition of user fees and to fund a new building, scale and compacting vehicle. If this proposal is approved and the operation is successful, a recycling and composting program may

I believe the timing is wrong for the recently proposed construction of a new fire station. Architect fees, construction costs and borrowing costs are not the only costs of a new plant; there is the new annual costs of maintenance and operation, costs that become part and parcel of each succeeding year's budget. We ought not to take on this package of increased costs in light of the slowdown in the Massachusetts economy and the paralysis in state government operations. I believe there is no substantial voter support for this proposal, and that it will meet the same fate as the landfill proposal. The firefighters ought to go forward with their own modest proposal for an addition to the existing fire station.

I will bring to the office of selectman my knowledge and experience in government affairs gained in the course of many years in the private practice of law. I will bring to it my long-held interest in town affairs. As a selectman, I would urge the board to take a more active and direct role in dealing with town employees. I am a good listener. I am a candidate only because I believe I can make a useful contribution. Those who know me well think I can too. I have no other interest. I ask for your vote on April 3.

The O.R.R. High School Drama Club's production of "The King and I' is brought to you in part by the Darla Fidelgo Fund, which was presented to us by the Marion Arts Center. We are deeply grateful for their support.

"The King and I" tells the story of an Englishwoman named Anna Leonowens who travels to the country of Siam (now Thailand) to teach the English language to the Siamese King's children.

Set in the early 1860s, this classic American musical is based on a true story and delves far deeper than most musical comedy offerings. "The King and I" touches on some important themes - slavery, for one, and even the question of equal rights for women - all set against the hauntingly beautiful music and majestic settings created by our most renowned musical theatre team - Richard Rodgers and Oscar Hammerstein II.

"The King and I" features some of the most well-known and loved songs ever performed on the American stage - "I Whistle a Happy Tune", "Something Wonderful", "Getting to Know You", and, of course, "Shall We Dance?"; and who can forget the charming "March of the Siamese Children", or the whimsical "Small House of Uncle Thomas" ballet?

Our main goal is to help establish a drop-in center for the elderly of Mattapoisett plus whatever else we can do to make life a little more enjoyable for them.

Our present membership is about 70 and growing. Annual dues are $2.00 plus any contribution you would like to make. You must be 18 years or older to become a member. We're hoping to attract people who are not yet seniors but are concerned about the elderly and are willing to give some of their time to help the "Friends".

The April 2nd meeting will be devoted to ways and means of raising funds. A fund-raising committee has been established who will present their ideas at this meeting.

Don't forget!!! April 2nd, 2:00 p.m., Town Hall Conference Room. I'll be looking forward to greeting you there.

O.R.R. Math Student Honored

Miss Laurie Lizotte, a senior at Old Rochester Regional High School and a resident of Rochester, was recently awarded a scholarship and plaque from the Association of Teachers of Mathematics in Massachusetts (ATMIM) for her outstanding accomplishments in mathematics during her high school career.

Laurie was honored at a luncheon, along with her parents, which was held at Holy Cross and attended by 500 mathematics teachers from across the state. Each year the Association honors the top six mathematics students in the state with students from Old Rochester having been selected for this award in four of the last six years.

Laurie has been a member of the ORR Math Team for the past four years and has been co-captain the past two years. She has also been selected for the League All-Star Team for four consecutive years (a first for the league), was a member of the State Math Team which competed nationally at Penn State University last year, and will be one of 100 students statewide to compete in the Second Level of the State Math Olympiad Exam later this month.

Lauri is currently taking a course in differential equations at SMU and was accepted (early decision) to Harvard University in December of last year.

Handprint Workshop

CHILDREN'S HANDPRINT APRONS AND TOTES

Most of us groan when we see our children's handprints decorating walls and furniture. Wouldn't it be nice, though, to have a permanent record of those little hands (and baby feet), one that didn't have to be washed away?

The Mattapoisett Parent-Teachers' Club has the answer for you. This year, as last, we have ordered a limited number of crisp, white, chef's aprons. At parents' suggestions, we have ordered a larger and more accommodating size. We have also ordered some "mini-totes" for your children that are just right to hold a book or two,

shells, or other treasures that are found at the beach or on a trip.

We will take your tykes, paint their hands in the colors of your choice, and print them all over the aprons or tote. These are "splatter painted" and ironed to make the prints indelible. The result is a colorful record of those sweet hands forever.

The price of the aprons is $12.00 each and $2.00 each for the totes. The P.T.C. will be holding two apron workshops on Monday, April 2nd, and Tuesday, April 3rd, from 3:00 to 5:00 p.m. in the Center School cafeteria on Barstow Street. To make your appointment for handprinting, please call Katherine Roberts-Gaudet at 758-9403. This is open to anyone in the area. there will always be a need for renewal. Have we suffered losses, been disappointed by unfulfilled promises, felt intimidated by stronger forces around us or in any way touched our own weaknesses. These need not be permanent, yet with God's promise of new life there comes the obligation to nurture it, or it will not grow.

Young Artists Contest

MASS STATE FEDERATION WOMEN'S CLUBS

Eighteen pupils of Mrs. Pamela Thayer, Art Instructor at the Old Hammondtown School, have entered their works in the Massachusetts State Federation of Women's Clubs' Young Artists Art Contest- 1989/1990. Their entries were accompanied by a letter of endorsement by Mattapoisett Woman's Club President, Mrs. Charles F. Jenks. The pupils' works were matted by a combination of efforts from Louise Rogers of Rogers' Gallery and Framery and Joan DeRugeris, Woman's Club Fine Arts Co-Chairman. The works were exhibited at an Artist Tea at M.S.F.W.C. headquarters in Sudbury on Sunday, March 25th. This event was open to the artists, their parents, teachers, and friends. The winning entries will be exhibited at the Club Institute Awards Ceremony in Newton on April 5th.

Old Hammondtown School

An interesting experience occurred on March 19th for Miss Aiken's and Mrs. Sundquist's fifth grade classes at Old Hammondtown School. A visit by Dr. William Muldoon, Jr. stirred up some interest in the field of dentistry. This presentation was helpful to both students and teachers.

The children in these classes are studying various systems of the body which includes a section about dental health. February is also National Dental Health Month.

Dr. Muldoon's presentation influenced the children as to what snacks they might choose over others. For instance, both apples and candy bars taste sweet, but the texture of an apple helps to clean the teeth. He suggested we save the candy bar, if we must have one, for a time when we have a toothbrush handy.

The children were intrigued by new advances in dentistry. Learning about in-plant surgery was fascinating.

We thank you again Dr. Muldoon for

JANIS BARON OF "TALENTS UNLIMITED"

The Mattapoisett Parent-Teachers' Club is proud to present Janis Baron as its feature speaker on Thursday, April 5th, at 7:30 at Old Hammondtown School. Ms. Baron will give an informational program, geared to parents, on the "Talents Unlimited" program.

During Curriculum Days which occurred during the months of October, November, January and the upcoming day in April, all K-6 classroom teachers are receiving training in the "Talents Unlimited" program. This training was made possible through a Commonwealth Inservice Institute grant written by third grade teacher, Mrs. Patricia Muldoon, and additional financial support from the Mattapoisett PTC.

Talents Unlimited is a nationally recognized thinking skills program designed to help teachers recognize and nurture the multiple talents of children. Begun in Mobile, Alabama in 1971, Talents Unlimited is based on Dr. Calvin Taylor's Multiple Talent Approach, which stresses that there are several ways of being smart which are related to the world-of-work. These "talents" include academic talent as the base, but reach out to include productive thinking, communication, forecasting, decision-making and planning. Taylor feels that if children are encouraged and trained to use these higher level thinking skills, greater numbers of students will be successful both in and out of school.

Talents Unlimited is not an add-on program, rather teachers are trained to integrate these important thinking skills into the existing curriculum. Training involves twelve hours, as well as in-class technical assistance to ensure that teach-

Earning the public's trust in serving its heating needs doesn't come easily. It requires a commitment to service through a team effort, beginning with a dedicated customer service staff ready to respond to your questions and needs. It demands well trained maintenance and installation technicians with the know-how to keep your equipment running safely and efficiently. Finally trust is earned through a delivery crew providing on time deliveries. ers understand and implement the model successfully.

Highlights of the Talents Unlimited program include: critical and creative thinking skills are taught to all children, skills are integrated into the curriculum, more children experience success and, therefore, self-esteem is enhanced, children are encouraged to become active learners rather than passive receivers, students develop their talents while they are simultaneously growing in knowledge, talent activities are highly motivational for teachers and students.

Ms. Baron will share with parents information about this program and describe ways in which parents can extend the "Talents Unlimited" program into their homes. We hope you will set aside the evening of April 5th and join us for a very informative and timely presentation.

The PTC will hold its monthly business meeting from 6:30 to 7:30 before this presentation. We hope you will join us for both meetings. For additional information please call Katherine Gaudet at 758-9403 or Pat Muldoon at 758-3449. Thank You.

LILY DUMONT TO BE HONORED

Lily Dumont, who will be honored by the YWCA Concert Series on April 1st, needs little introduction to the music community.

Born in Berlin, Ms. Dumont made her concert debut as a soloist with the Berlin Philharmonic at the age of 15. Today an international concert pianist, Ms. Dumont has been described as "a polished artist, a brilliant technician".

First studying piano at age five under the direction of her father, composer Jacob Dumont, Ms. Dumont has appeared throughout the world and has recorded for His Master's Voice, Polydor and Concert Hall Society.

Noted for her special affiliation with Mozart, Ms. Dumont has given master classes and seminars throughout the U.S. and Europe and is a member of the faculty at the Longy School of Music in Cambridge. Locally, she has long been associated with Southeastern Massachusetts University's summer workshops.

Performing in honor of Ms. Dumont will be pianists Pamela Carter-Thompson and Jill Witten.

The Standish House series is sponsored by the New Bedford YWCA and funded, in part, by the New Bedford Arts Lottery Council. Programs begin at 2:30 and are

Lloyd Center Shell Walk

SEE SEA SHELLS BY THE SEASHORE

Our coastal beaches supply a myriad of invertebrate life. Among the most conspicuous of these groups is the seashells, or the mollusks. The Lloyd Center's resident expert on shells and curator of our seashell collection, Dennis Viera, will find, identify and discuss with you the design and life strategies of these fascinating and important members of our marine fauna.

Meet at the Lloyd Center on Sunday, April 8th, at 1:30 p.m. and join the others before heading to Demarest Lloyd State Park for this two-hour walk.

The Lloyd Center's shell walk is offered to members for $3.00, to non-members for $5.00, and to children under 12 for $1.00. Please pre-register today with the Lloyd Center by calling 990-0505, or by writing to Box 7037, South Dartmouth, MA. 02748.

Other upcoming events on the Lloyd Center calendar are: the Sunset Sounds of Spring walk on April 1, the Seal Watch on April 7, and the Birds of Spring mini-

Seal Watch

LAST CHANCE TO SEE SEALS IN BUZ. BAY

Don't miss your last chance to catch harbor seals in their natural environment. Hundreds of harbor seals can be seen basking in the sun on Pease Ledge and Gull Island off of Cuttyhunk Island on any given day in winter. But, winter is fading out and soon the seals will be heading home to more northern waters. Join the Lloyd Center on Saturday, April 7th, from 9:30 a.m. to 4:00 p.m. for this all day event.

This seal watch also accompanies the Marine Mammal minicourse. Those who signed up for the minicourse and would also like to go on the April seal watch will be offered a special price of $25.00; members and non-members alike.

On our way across Buzzards Bay in the M/V. Alert II we will have ample time to watch for seabirds. As we observe the seals lounging on Pease Ledge and Gull Island, we will learn about the behavior, breeding biology, anatomy and physiology of these winter visitors. We will also learn about the natural and human history of Cuttyhunk Island, the westernmost of the Elizabeth Islands.

Space is limited so be sure to register soon by calling or writing the Lloyd Center, Box 7037, South Dartmouth, MA. 02748; 990-0505. This fun-filled day is being offered to members for $30.00, to non-members for $40.00, and to persons who also signed up for the Marine Mammal minicourse for $25.00. This fee includes natural history interpretation, transportation via the M/V Alert II and hot drinks. Be sure to bring your binoculars and cameras to

Soviet Acrobatic Revue

AT ZEITERION APRIL 3

Thanks to glasnost, Soviet military officials have toured U.S. army bases, the largest McDonald's restaurant has opened in Red Square and the "Dove of Peace" is coming to New Bedford's Zeiterion Theatre April 3rd when the Soviet Acrobatic Revue performs during its first ever United States tour.

Acclaimed world-wide, these Soviet artists have dazzled and delighted audiences of all ages. Their performance is the last one in this year's Merrill Lynch International Series at the Zeiterion.

Highlights include "The Dove of Peace", an amazing tour de force by contortionist Rusanna Vardanyan, a daring unicycle act performed by Vladimir Serov and Iraida Serova and one of the world's funniest clowns, Sergey Alexandrovich Pavlov. Their acrobatic feats and graceful movements recreate the time-honored heritage of the Russian circus.

ter. Ever since Olga Korbut burst upon the international scene at the 1972 Olympics audiences around the world have been enthralled by the gymnastic pyrotechnics of these Soviet athlete/performers.

Other highlights of the Soviet Acrobatic Revue include a gravity-defying balancing act by Almed Dianov and Inga Dianova; roller skating stars Alexander Tosanov and Liliya Mandrychenko and brick juggler extraordinaire Anvor Dianov. Russian and Ukrainian dances will be performed by one of the Soviet Union's leading folk dance ensembles.

Bring the kids, bring the grandparents, because the Soviet Acrobatic Revue has something for everyone, from high-wire acts to madcap clowns. The discipline and daring, action and color, music and dance make for an unforgettable theatrical experience.

The Soviet Acrobatic Revue replaces the Peking Acrobats. For ticket refunds bring tickets to the Zeiterion Theatre box office at 684 Purchase Street, New Bedford. Tickets for the Peking Acrobats will be honored for the Soviet show.

New Black Eagle Jazz Band

COMES TO ZEITERION MARCH 31

Classic, soulful, spicy, exuberant. These are just a few words critics use to describe the New Black Eagle Jazz Band, today's torch-bearers of America's classic jazz sound. The band plays New Bedford's historic Zeiterion Theatre (itself a relic of the jazz age) Saturday, March 31st, at 8 p.m. in a concert sponsored by WQRC Radio.

Rated tops when it comes to traditional jazz from the 20s and 30s, the Black Eagles are world-famous among jazz buffs, having appeared at Edinburgh's Jazz Festival and the Breda Jazz Festival in Holland, among others. However, the band's sound remains unique -- a fusion of tradition and innovation that defies classification. The Black Eagles' repertoire (which numbers an incredible 600-plus tunes) includes numbers by early New Orleans masters like Louis Armstrong and Jelly Roll Morton to Fats Waller and Duke Ellington.

But what is even more incredible about

the Black Eagles is that the members are professionals by day -- from computer engineer, pediatrician and college professor to architect, psychologist and advertising executive -- who turn into jazz musicians at night.

Band leader/cornet player Tony Pringle hails from Liverpool, England. Originally he played in a pub where a little-known band named "The Beatles" opened for his band. Billy Novick of Novick/Guy Van Duser fame plays clarinet and saxophone. Other band members include Peter Bullis on banjo, Eli Newberger on tuba, Bob Pilsbury on piano, Pam Pamijeer on drums and Stan Vincent on trombone. In addition to their world-wide appearances band members play weekly at the Sticky Wicket Pub in Hopkinton, MA.

"They never let me down", said one jazz critic after the Black Eagles' sixth appearance at the Edinburgh Jazzfest. "As close as you'll get to perfection."

"Joyful and free in spirit and conveys an ebullience that's hard to resist", said Boston music critic John Stifler.

Critics and jazz fans all agree -- nobody, but nobody, can raise the roof quite like the New Black Eagle Jazz Band.

Tickets for this exuberant night of jazz are $12. to $16. with $2. discount for seniors and students. Tickets are available through the Zeiterion box office at 994-2900. Tickets are also available at all

eye talk

Q. **Recently I started seeing dark spots and thread-like strands before my eyes. What causes this? Is it serious?**

A. You are seeing spots and floaters. They are usually harmless but sometimes they signal a serious eye problem in need of prompt attention.

These include such vision-threatening conditions as retinal detachment, other retinal disorders, cataracts, diabetes, high blood pressure or leukemia.

You should, therefore, make an appointment with your optometrist for a thorough eye examination covering eye health as well as your vision. Be sure to mention the dark spots and strands you are seeing.

More than likely you are seeing harmless particles of protein or other natural materials floating in the fluid inside your eyes. But you need a professional diagnosis.

Even if your optometrist diagnoses the spots as harmless, have them re-evaluated every year or more often, if you notice a change.
